

DEVPHOENIX

BUILDING INTELLIGENT DIGITAL ECOSYSTEMS

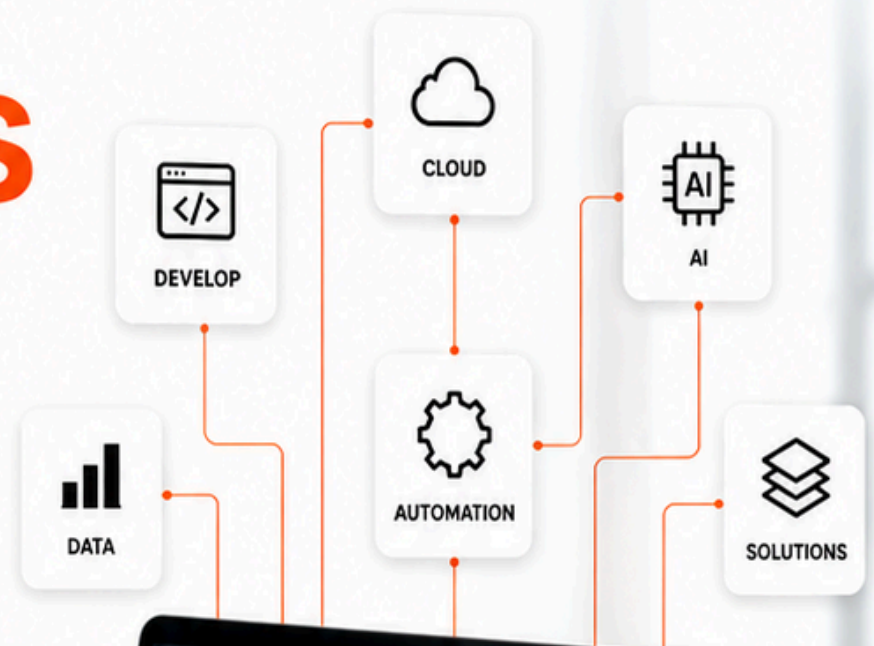

Industrial Training Programs

2026 Edition

Build Industry-Ready Skills
with **Real Engineers.**

Learn from software professionals working on real-world products, gain practical experience through live projects, and prepare yourself for internships and careers in today's technology landscape.

Why Students Grow Faster at DEVPHOENIX

We don't follow the old classroom model.
We follow a practical, engineering-first approach that helps you learn deeper, build better and grow faster.

WHAT MATTERS	DEVPHOENIX	TYPICAL TRAINING PROGRAMS
 LEARNING APPROACH How you learn	 Build First, Concepts Next You learn by building real solutions.	 Theory First You study theory before applying.
 PROJECTS What you build	 Live Projects Work on real-world, client-style projects.	 Assignments / Dummy Projects Work on academic or demo projects.
 MENTORSHIP Who guides you	 Industry Engineers Learn from engineers building products.	 Faculty / Trainers Limited industry exposure.
 CODE REVIEWS How you improve	 Regular Code Reviews Get detailed feedback and improve.	 No Code Reviews Submit and move on.
 TOOLS & WORKFLOW What you experience	 Industry Workflow Git, Agile, CI/CD, APis, and more.	 Limited Tools Minimal or no industry tools.
 OUTCOME What you take away	 Strong Portfolio Real projects that showcase your skills.	 Certificate Only No real proof of your abilities.
 FOCUS What we care about	 Career Readiness Prepare you for real job opportunities.	 Course Completion Focus on finishing the course.

We don't just complete courses. We build careers.

Frequently Asked Questions

Answers to the most common questions about our industrial training programs.

Who can enroll in this program?

Students, freshers, and working professionals from any technical background.

Are there any hands-on projects?

Yes. Every program includes real-world projects to build practical experience.

What is the duration of the programs?

Program durations vary from 8 to 12 weeks depending on the specialization.

Will I get internship opportunities?

Top performers may get internship opportunities based on performance and availability.

What is the mode of training?

All programs are conducted live online with interactive sessions.

Are there any hidden charges?

No. The fee you pay covers everything mentioned in the program.

Will I receive a certificate?

Yes. A certificate of completion will be awarded after successful program completion.

When do the new batches start?

Batches start regularly. Check the website or contact us for upcoming schedules.

Is doubt support available?

Yes. You'll get dedicated mentor support throughout the program.

Do I need prior experience?

No prior experience is required. We start from the basics.
